2023	20*	8	20	10	58
2024	20*	8	20	10	58
2025	20*	8	20	10	58

\*Please note, BCOPs must complete the Oncology Pharmacy Preparatory Review Course at least once, but no more than three times, in nonconsecutive years, during their 7- year recertification cycle.

\*\*BCOP Clinical sessions are embedded programming at ACCP Annual Meeting and ASHP Midyear Clinical Meeting and included in the overall meeting registration fee. To earn recertification credit, BCOPs must purchase access to the web-based posttest.

## BCOP Recertification by Continuing Education

- Board Certified Oncology Pharmacists (BCOP) recertifying by Continuing Education must earn 100 hours of CE credit from the approved professional development program.
- All program components contain web-based post-tests. BCOP must complete and pass these post-tests to earn CE credits towards BCOP recertification. Only completed tests are eligible for credit; no partial or incomplete tests will be processed.
- All hours listed above are the minimum number of hours offered each year. Approved providers may offer hours beyond the minimum.
- CE hours are transmitted directly to BPS from approved providers AFTER the post-test are completed.

## ACPE Continuing Pharmacy Education Credit

- ACCP and ASHP are accredited by the Accreditation Council for Pharmacy Education (ACPE) as providers of continuing pharmacy education. Minimum post-test score and due dates for ACPE continuing pharmacy education credit may be different than the minimum post-test score and due dates for BCOP recertification by continuing education. Please confirm with professional development program providers that credit for recertification was earned.
