## **Solid Organ Transplantation Practice Analysis Taskforce Appointments**

**Washington, DC** – The [Board of Pharmacy Specialties](#) (BPS) recently approved a practice analysis or role delineation study in Solid Organ Transplantation. Conducting a role delineation study is a critical step in evaluating a proposed specialty. The purpose of the role delineation study is to determine whether this practice area is based upon specialized knowledge of the pharmaceutical sciences, as well as specialized functions routinely performed by practitioners in the proposed specialty.

BPS is pleased to announce that the members of the Practice Analysis Taskforce in Solid Organ Transplantation are:

**Emily Benefield, PharmD, BCPS, BCPPS**

Advanced Clinical Pharmacist-Pediatric Solid Organ Transplant  
Primary Children's Hospital  
Salt Lake City, UT

**Lyndsey J. Bowman, PharmD, BCPS**

Kidney Transplant Pharmacotherapy Specialist  
Tampa General Hospital  
Tampa, FL

**Maya Campara, PharmD, BCPS**

Clinical Pharmacist, Solid Organ Transplant  
University of Illinois at Chicago  
Chicago, IL

**Barrett Crowther, PharmD, BCPS, FAST**

Pediatric Transplant Clinical Pharmacist  
University Health System  
San Antonio, TX

**Cher Enderby, Pharm.D., BCPS, BCNSP**

Greenville, NC

**Laura Myhre, PharmD, BCPS**  
Senior Manager, Clinical Practice  
Department of Pharmacy  
Mayo Clinic  
Rochester, MN

**Nicole Pilch, PharmD, MS, BCPS**  
Director of Quality and Compliance  
Medical University of South Carolina  
Charleston, SC

**Lisa Potter, PharmD, FAST, FCCP, BCPS**  
Clinical Coordinator, Organ Transplant  
University of Chicago Medicine  
Chicago, IL

**Lonnie Smith, PharmD, FAST**  
Pharmacy Manager  
University of Utah Health Care  
Salt Lake City, UT

The initial work of the practice analysis taskforce will be reviewed by an outside panel of subject matter experts and then validated via a survey administered to pharmacists practicing in the area. If the role delineation study in this area yields information suggesting that Solid Organ Transplantation should be recognized as a specialty practice in pharmacy, BPS will then issue a call to the profession for a petition for specialty recognition.

#### **About the Board of Pharmacy Specialties**

The Board of Pharmacy Specialties (BPS) was established in 1976 as an autonomous division of the American Pharmacists Association (APhA). The mission of the Board of Pharmacy Specialties is to

improve patient care and increase awareness of the need for BPS Board Certified Pharmacists as integral members of multidisciplinary healthcare teams through recognition and promotion of specialized training, knowledge, and skills in pharmacy and specialty board certification and recertification of pharmacists throughout the world. Through the rigorous standards mandated by BPS board certification and recertification, the BPS board certified pharmacist stands out as the most qualified to accept today's expanding professional expectations. Today, more than 26,000 pharmacists are BPS board certified.
